RE: Election Statement for Web-page

Dear Ms. Hamilton:

Enclosed please find my Election Statement to be posted on the City of Campbell website as follows;

I have been your duly elected Law Director for the City since December 1, 2007, having won re-election in November 2009. As such I have served as legal counsel for all division of the municipality in connection with municipal affairs. I also serve to prosecute all criminal and traffic matters in the Campbell Municipal Court for both the City of Campbell and Coitsville Township.

The last two (2) years have been a tumultuous time for the City of Campbell. Recent changes in leadership have thrown the city off course in its fiscal recovery. My twenty-nine (29) years of experience in the private legal sector have enabled me to provide the city with competent legal advice during this time that ultimately rang true. I have chosen to seek re-election to the position of Director of Law to aid the city in staying the course to fiscal recovery and to bring to fruition certain ideas to help the city grow and prosper.

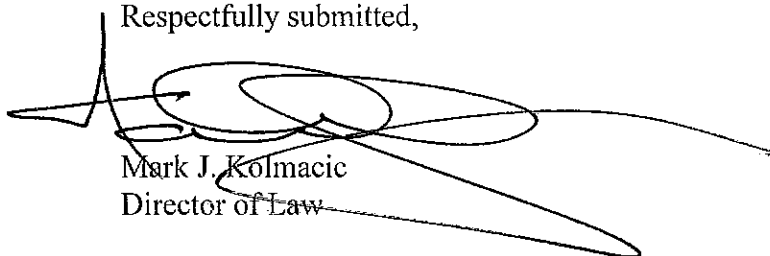

Efforts are underway to develop a program of stepped up building and housing code enforcement to protect and beautify our citizens and our community. The aggressive prosecution of criminal and traffic offenders and the imposition of enhanced fines and penalties for drug offenders has provided the police departments of Campbell and Coitsville Township badly needed funding for the purchase of equipment and further interdiction.

And as promised I have kept an open door policy for all departments of the city and the general citizenry.

Election Statement, Page 2;

This November I would ask that you re-elect me to another term as your Campbell City Director of Law. I pledge to you the honest and faithful execution of my duties for the continued growth and prosperity of our city.

Respectfully submitted,
